GOLDEN PARAGRAPH

Dr Panagiotis Tsarchopoulos is a Researcher in the field of smart/intelligent cities and innovation ecosystems. He holds a Diploma in Electrical and Computer Engineering and a PhD in Urban and Spatial Planning. He is a Senior Researcher in the URENIO Research and a Research Associate in the Institute of Informatics and Telematics (ITI/CERTH). Moreover, he is a Teaching and Research Fellow in the Aristotle University of Thessaloniki, Greece. His current research and publications focus on the design and development of web platforms for smart/intelligent cities, web and mobile technologies for new media, immersive storytelling, social media, open data, and civic media. He has participated in more than 35 research projects funded mainly by the European Commission.

WORK EXPERIENCE

2017 - today

Research Associate

Informatics and Telematics Institute, Centre of Research and Technology Hellas, Greece (<https://www.iti.gr>)

Technical and quality assurance management in the IRIS Project. IRIS: Integrated and Replicable Solutions for Co-Creation in Sustainable Cities (2017-2022) is a Lighthouse project funded by European Commission under H2020-SCC-2016-2017 call.

Research

2000 - today

Senior Research Scientist

URENIO Research Unit, Aristotle University of Thessaloniki, Greece (www.urenio.org)

Project management. Proposal Writing. Research in many R&D projects dealing with digital innovation spaces and intelligent cities. Design and development of web applications, content management systems, database-driven websites. Lecturer in the “Digital Cities – Intelligent Cities” and “Digital Cities: Applications Design & Development” courses at the Department of Urban and Regional Planning

Research / Higher Education

2014 - today

Senior Teaching and Research Fellow

Media Informatics Lab of the Department of Journalism and Mass Communication of the Aristotle University of Thessaloniki, Egnatias 46, 54625 Thessaloniki, Greece (www.jour.auth.gr)

Project management. Proposal Writing. Research in many R&D projects dealing with digital innovation spaces and intelligent cities. Design and development of web applications, content management systems, database-driven websites. Lecturer in the “Digital Cities – Intelligent Cities” and “Digital Cities: Applications Design & Development” courses at the Department of Urban and Regional Planning

Higher Education

2018-2019	<p>Local Expert Technopolis Consulting Group Belgium Sprl, Belgium Local Expert in the Digital Cities Challenge (DCC) call for the city of Thessaloniki, Greece Consulting Company</p>
2013 - today	<p>External Expert European Commission / DG Connect Reviewer and Evaluator of projects and calls related to Smart Cities and Future Internet Organisation</p>
2005 - today	<p>Senior Researcher - Web Developer INTELSPACE S.A., Greece (www.intelspace.eu) Research in R&D Projects. Consulting on Intelligent Cities and Innovation Ecosystems. Design and development of web applications. Private Company</p>
2000 - 2002	<p>Web Designer & Developer Informatics and Telematics Institute, Centre of Research and Technology Hellas, Greece (www.iti.gr) Institute Web application development, database-driven websites, web design Research</p>
1998 - 2002	<p>Web Designer & Developer Self-Employee, Thessaloniki, Greece Web application development, content management systems, database-driven websites, web design with a focus on usability and standards. Multimedia CD-ROM creation. Graphics design IT sector</p>
1999 - 2000	<p>Web Designer ALTANET S.A., Thessaloniki, Greece Web design, graphics design Private Company</p>
1998 - 2000	<p>Web Designer & Developer School of Architecture, Aristotle University of Thessaloniki, Greece (www.arch.auth.gr) Database-driven websites, web design. Multimedia CD-ROM creation. Graphics design Higher Education</p>
1998-1999	<p>Web Designer & Developer Macedonian Press Agency, Thessaloniki, Greece (http://www.ana-mpa.gr/) Web design, graphics design, HTML authoring News Agency</p>

1995-1999

Multimedia Producer

Information Processing Laboratory, Aristotle University of Thessaloniki

Graphics design, multimedia CD-ROM creation

Research / Higher Education

EDUCATION AND TRAINING

2008 - 2013

PhD on Urban and Regional Planning

Level 8

School of Architecture, Aristotle University of Thessaloniki, Greece

- PhD Thesis: "Intelligent Cities: Technologies, Architectures and Governance of the Digital Space"

1986-1992

Diploma of Electrical and Computer Engineering

Level 7

Department of Electrical and Computer Engineering, Aristotle University of Thessaloniki, Greece

- Electrical & Computer Engineering

PERSONAL SKILLS

Mother tongue(s)

Greek

Other language(s)

English

UNDERSTANDING		SPEAKING		WRITING
Listening	Reading	Spoken interaction	Spoken production	
C1	C1	C1	C1	C1

Communication skills

Replace with your communication skills. Specify in what context they were acquired. Example:

- Excellent communication skills gained through my participation in many project meeting and scientific conferences. Moreover, I teach a lot of courses in the Aristotle University of Thessaloniki.

Organisational / managerial skills

Project Manager in many R&D projects.

Chief Technology Officer in R&D projects.

- Site Engineer in many projects at the Directorate of Facilities Maintenance and Operation of the Aristotle University of Thessaloniki

Digital skills

SELF-ASSESSMENT

Information processing	Communication	Content creation	Safety	Problem solving
Proficient user	Proficient user	Proficient user	Proficient user	Proficient user

Excellent use of computers. Web application development, content management systems, database-driven websites, web design with a focus on usability and standards. Graphics design. Multimedia CD-ROM creation. New Product Development Techniques.

Programming skills: HTML5, XHTML, CSS3, JavaScript, CMS, Open Source Applications

Graphics: Adobe Photoshop, Illustrator, Acrobat, Dreamweaver.

Microsoft: Windows (all versions), Office

The above skills and competences have been acquired during the participation of more than 30 R&D Projects and during my studies as an Electrical and Computer Engineer.

Projects

Since 1992 I have participated in more than 30 research projects funded by the European Commission or the Greek Government. These projects deal with intelligent cities, smart cities, innovation systems, regional innovation strategies, innovation clusters development and multimedia systems:

- IRIS: Integrated and Replicable Solutions for Co-Creation in Sustainable Cities (2017-2022), European Commission – H2020-SCC-2016-2017
- ONLINE-S3: ONLINE Platform for Smart Specialisation Policy Advice (2016-2018), European Commission – H2020-ISSI-4-2015
- STORM CLOUDS: Surfing towards the opportunity of real migration to cloud-based public services (2014 – 2017) European Commission – CIP-ICT-PSP-2009
- Apps for Thessaloniki – Tourism Edition: 2nd Apps Contest for the City of Thessaloniki (2015-2016), Municipality of Thessaloniki, Greece
- Thessaloniki Hackathon: 1st Smart City Hackathon in Thessaloniki (2014), Municipality of Thessaloniki, Greece
- Apps for Thessaloniki: 1st Apps Contest for the City of Thessaloniki (2013-2014), Municipality of Thessaloniki, Greece
- Development of Web 2.0 content management system to underpin the regional innovation ecosystems of Belarus and Ukraine Universities (2013 – 2014), University of Bradford, School of Management
- Innovation Laboratories: Open innovation learning platform & action research (2012 – 2014), European Commission – TEMPUS IV
- PEOPLE: Pilot smart urban ecosystems leveraging open innovation for promoting and enabling

- future e- services (2010 – 2012), European Commission – CIP-ICT-PSP.2010.4.1
- FIREBALL: Future internet research and experimentation by adopting living labs – towards smart cities (2010 – 2012), European Commission – FP7 Objective ICT-2009 1.6 Future Internet experimental facility and experimentally-driven research
 - MEDLAB: Mediterranean living lab for territorial innovation – INNO SME networks pilot action (2010 – 2011), Regional Development Fund of Central Macedonia
 - HES e-toolkit: Excellence in energy efficiency for the tourism industry: online toolkit (2010 – 2011), United Nations Environment Programme (UNEP)
 - INTERVALUE: Inter-regional cooperation for the valorisation of research results (2009 – 2011), European Commission – South East Europe Programme
 - Intelligent Thessaloniki: design of integrated project, opc 2007-13 (2008), Greek Ministry of Development, General Secretariat of Industry
 - Open platform for digital cities – application in the city of Thermi (2007 – 2008), Greek General Secretariat for Research and Technology
 - Regional innovation pole of Thessaly – evaluation (2008), Greek National Centre for Research and Development of Thessaly
 - MEDI-CUBE: Mediterranean technology intensive incubators (2006 – 2007), European Commission – INTERREG Archimede
 - Implementing innovation strategies – project concept of innovation website – Prague (2007), Logotech SA
 - SUPER-SME: Supporting potential and existing research intensive SMEs (2006 – 2008), European Commission – FP6 –KNOWREG 2
 - FUTURREG: Futures for regional development (2005 – 2007), European Commission – Interreg IIIC – West Zone
 - STRATINC: Strategic intelligence in innovative clusters (2004 – 2006), European Commission INTERREG IIIC
 - ISTOS: Digital Aegean (2004 – 2005), European Commission, DG Regio – ERDF Innovative Actions 2000-2006 – Region of South Aegean
 - METAFORESIGHT (2004 – 2005), European Commission – DG Research, Regions of Knowledge Programme
 - Digital Research Centre, Central Macedonia (2003 – 2005) European Commission, DG Regio, ERDF Innovative Actions
 - Go-Online: Supporting SME in the Digital Economy (2001-2004) Greek Ministry of Development
 - Digital innovation centre, Thessaly (2002 – 2003) European Commission, DG Regio, ERDF Innovative Actions, Region of Thessaly, Regional Development Fund
 - Regional documentation centre, Thessaly (2002 – 2003) European Commission, DG Regio, ERDF Innovative Actions, Region of Thessaly, Regional Development Fund
 - VERITE: Virtual environment for regional innovation technologies (2002 – 2004) European Commission Programme “Promotion of Innovation and encouragement of SME Participation”
 - ONLI: on-line innovation (2000 – 2002) European Commission, DG Enterprise, Innovation Programme
 - INNOREGIO: Dissemination of innovation technologies in c. Macedonia (1999 – 2003) European Commission, DG Regio, RECITE II
 - Training of architects in the 21st century – restructuring of curriculum and new teaching, learning and communication means in the School of Architecture of the Aristotle University of Thessaloniki (1998-2000) Hellenic Ministry of National Education and Religious Affairs, Operational Programme for Education and Initial Vocational Training
 - Development of multimedia system for the Telecommunications Museum of the Hellenic Telecommunications Organization (1998-1999)
 - Thracian Electronic Thesaurus: Development of a multimedia system and a distributed database

(1996-1998) Greek Secretariat of Research and Technology, EPET II

- Multimedia CD-ROMs and on-line kiosks for the Technical Museum of Thessaloniki (1995-1997) Greek Secretariat of Research and Technology
- EUROFORM: Community initiative concerning new qualifications, new skills and new employment opportunities (1992-1993) European Commission

Memberships

- Institute of Electrical and Electronics Engineers (IEEE)
- Technical Chamber of Greece
